

Everything you need to know for proper shaft trimming is included here. Each shaft in the catalog has a Shaft Trim Code listed. Consult the chart on the following page to determine how much to trim off the shaft. Unless noted, all directions are for TIP trimming. After tip trimming, trim to playing length from the butt.

These trimming instructions are recommended by the manufacturer. Any trimming other than what is listed may void any expressed or implied warranty. See below for additional information for each of the manufacturers.
