

MALTBY MAX MILLED WEDGES

Model	Code	Sole Width	Loft	Bounce	Turf & Sand Cond.	Swing Type	Skill Level
MALTBY MAX MILLED	MA0333	0.90"	50°	4°	Firm to Average	Shallow to Neutral Attack Angle and Shallow to Normal Divots	LOW TO MID HANDICAP
MALTBY MAX MILLED	MA0333	0.90"	52°	6°	Firm to Average	Shallow to Neutral Attack Angle and Shallow to Normal Divots	LOW TO MID HANDICAP
MALTBY MAX MILLED	MA0333	0.90"	54°	10°	Firm to Average	Shallow to Neutral Attack Angle and Shallow to Normal Divots	LOW TO MID HANDICAP
MALTBY MAX MILLED	MA0333	0.90"	56°	12°	Firm to Average	Shallow to Neutral Attack Angle and Shallow to Normal Divots	LOW TO MID HANDICAP
MALTBY MAX MILLED	MA0333	1.05"	54°	6°	Average	Neutral Attack Angle and Normal Divots	MID HANDICAP
MALTBY MAX MILLED	MA0333	1.05"	56°	10°	Average	Neutral Attack Angle and Normal Divots	MID HANDICAP
MALTBY MAX MILLED	MA0333	1.05"	58°	8°	Average	Neutral Attack Angle and Normal Divots	LOW TO MID HANDICAP
MALTBY MAX MILLED	MA0333	1.05"	60°	6°	Average	Neutral Attack Angle and Normal Divots	LOW TO MID HANDICAP

FEATURES

- Form Forged from 8620 Carbon Steel for great sound and feel
- Satin/Mirror Nickel Chrome finish
- Full face CNC Milled Micro Grooves for increased spin on less than full shots
- Extremely versatile from a variety of sand and turf conditions
- Optimal Mass Placement (OMP) provides stability and improved shots struck towards the toe, a common miss hit on chips and pitches
- CNC Milled leading edge and sole for maximum consistency
- Weight adjustable design using MAX-T-25 head weights (MA0334). Head weight can be changed by -3.9 grams to +6 grams (0.90 sole wedges) and -2.6 grams to +4 grams (1.05 sole wedges).
- Available in eight loft and bounce options
- Recommended ferrule - 74PI

OVERVIEW

The Maltby MAX game improvement wedges are the next generation of our best selling M-Series line of wedges that are now weight adjustable to accommodate custom playing lengths and allows for the fine tuning of swingweight and feel. Available in two different sole widths (1.05" and .900") and eight loft/sole width options to fit a wide range of players and turf/sand conditions. The sole and leading edge relief grind of the MAX wedges feature a full CNC milled finish to eliminate inconsistencies from typical hand grinding for maximum consistency and turf interaction.

DETAILS

Finish.....	Satin Polish
Material.....	1025c Carbon Steel
Blade Length.....	3.128"
Toe Height.....	2.486"
Hosel Length.....	2.675"
Sole Width.....	.900" & 1.05"
Hosel OD.....	.545"
Bore Depth.....	1.375"

Full Face Groove Design!
